

[From Spring 2003]

CNHA Patch Featured

A recent issue of *Lighthouse Digest* requested that patches with lighthouses be sent to them. Our "on the ball" Business Manager, Lynn Talbot promptly responded, and the next issue prominently displayed our colorful CNHA patch along with two others it had received. Subsequently, the CNHA patch was donated to the American Lighthouse Foundation's Museum of Lighthouse History for display.

Along with the display of our patch, the publication stated, "Assateague Light, Virginia is featured on the patch from the Chincoteague Natural History Association and the Chincoteague National Wildlife Refuge on Assateague Island. We thank Lynn Talbot, Business Manager of Chincoteague History Association, for submitting the patch."
