

[From Spring 1997]

Searching for Volunteers

Eastern Shore Refuge has had volunteer help from as far away as Scotland, but we also need help from people in the local community.

The following are some of the activities and projects available for volunteers:

- Staff the information desk at the Visitor Center
- Develop and conduct environmental education programs for students, civic groups and the general public
- Design wildlife exhibits and flyers
- Assist with the development of a lab for environmental education
- Assist with bird banding
- Conduct wildlife surveys
- Conduct trail maintenance and habitat management
- Repair and clean nesting boxes

For more information about the Volunteer Program, contact Jim Kenyon at (757)331-2760.
