"Original" TR Bear Collectible

There are only 24 of the originally produced TR Bears left. The first production run of approximately 1500 bears has been sold out, and several "appearance" changes have been made that were incorporated in the second run and will hold for subsequent production. So, if you would like to own a genuine, limited edition, collectible, you'd better act fast. Contact Wendy Crawford, CNHA Business Manager, by e-mail at:

trbears4u@earthlink.net ((Please note these bears are no longer available))

All orders will be honored on a "first-come, first-served" basis.
