A Note From the President

Orchids to Refuge Manager, John Schroer, and his excellent staff for the memorable Golden Anniversary Celebration held this past November 13 at the Chincoteague National Wildlife Refuge. Visitor attendance and support for the Celebration exceeded expectations, rewarding the efforts of the refuge staff in planning and presenting the day's activities. Hats off to all who helped in any way to make the Celebration a complete success. The Association is proud to have been a part of it.
